

## ***BOARD MEETING HIGHLIGHTS***

- **As the Board prepares to deal with the issues before them each meeting, prayer and scripture reflection is very important. Trustee Krista Michelson led the opening prayer and scripture reflection. Trustees and Administration took time to reflect on God’s word and share insights related to the reflection.**
- **Holy Trinity is celebrating its 100<sup>th</sup> Anniversary this year; we have grown from one school to 10, from 150 students to over 2,300. One of the significant things which have taken place is a “Papal Blessing” extended to our school division by his Holiness Pope Benedict. Trustees attended each of our schools this past month and presented a framed copy of the Papal Blessing which will be displayed at the school in a prominent location.**
- **Trustees attended numerous school celebrations such as Drama Nights, School Masses and Dessert Theatres this past month. Vanier held its One Act Plays this past month which was attended by Trustees ... Vanier took top honors at the Regional Drama Festival for their One Act Plays.**
- **Trustee Mark Corbin attended the Right to Life Banquet where the guest speaker was from Teen Aid. Mark reported that the keynote address was an inspiring message which took a very positive spin on “abstinence” rather than the usual “brow beating” approach that is sometimes associated with abstinence.**
- **Trustees maintain close contact with all four Parishes that the school division is involved with. Parish Council meetings are attended by Trustees in order to keep the lines of communication open and active. Trustees report that there are many things happening within each of our Parishes. Church of Our Lady is presently putting the finishing touches on new Bylaws; St. Joseph Parish has recently elected a new slate of members to its Parish Council, Christ the King Parish in Shaunavon and Christ the Redeemer Parish in Swift Current are involved with school activities in both communities. We continue to welcome the physical presence of our Pastors and other religious personnel into our schools.**
